

SBM LIFE SCIENCE LTD WELCOMES NEW HEAD OF BUSINESS

Cambridge, January 18th 2019 - **SBM Life Science LTD has appointed Nick Walton as the new Head of Business for the UK and Ireland.**

Having previously held senior positions at Briers, Strata and the Garden Leisure Group, Nick joins SBM with over 15 years' experience within the industry.

"I am excited to be joining SBM Life Science at this point of our journey" comments Nick. "Being home to long standing UK brands such as Baby Bio®, Phostrogen® and Toprose, we have cemented our position within the market, and now we are ready to embark on our next phase of growth in the business".

Nick adds "Looking ahead, we aim to build upon the hard work that has been put in to establishing SBM Life Science LTD over the last couple of years. Powered by an experienced, knowledgeable team, and by listening to our customers, understanding their needs, along with current/future trends, we aim to support and grow the garden market".

ABOUT SBM LIFE SCIENCE

SBM Life Science develops, registers, produces and distributes plant protection and plant care products for agriculture as well as for home and garden, thus taking on all the tasks in the value chain itself. In this way SBM Life Science guarantees the high quality and safety of its products. The French family business was founded in 1994 and is currently represented in the market with more than 2,500 products in 31 countries in Europe, North America and North Africa. Recognized for its expertise in the agricultural and home & garden sector, SBM Life Science always strives to optimally implement the wishes and requirements of its customers and to offer solutions that are as environmentally friendly as possible. The respect and the awareness for an intact environment are the philosophy of the company and its 350 employees as well as the requirement for the products of SBM Life Science.
